GOVERNOR

THE ADJUTANT GENERAL
LAWRENCE F. LAFRENZ

May 21, 2009

Enclosed you will find a CD with the TIER II information for your jurisdiction for the year 2008. This data is in the CAMEO format. You can find the latest versions of CAMEO, along with instructions, and download it for free from the EPA Website at:

<http://www.epa.gov/emergencies/content/cameo/index.htm>

You can find instructions for downloading your data from the CD into CAMEO on the Bureau of Homeland Security (BHS) website at: <http://www.bhs.idaho.gov/> under "Hot Topics".

After you are able to implement CAMEO you will have access to the Tier II data in many ways. You can sort it by chemical, by location etc. This is a great tool for the safety of your community, but it can also be valuable information when you are updating your plans or writing exercises for your jurisdiction.

If you have any questions, or require additional information, please feel free to contact Mark McClaine at mmcclaine@nhs.idaho.gov or (208) 262-4491.

Sincerely,

A handwritten signature in cursive script that reads "Mary Halverson".
